

Albert Park College

Year 9 Environmental
Inquiry subject

01

About The Subject

About the subject

- Only Year 9 students
- Gatehouse campus
- Semester 1 focus is on the supply chain of a product and the environmental & ethical impacts of each stage of the supply chain
- Semester 2 focus is on 'Active Hope' and what citizens can do in order to have a more eco-friendly future
- Action group projects

02

Our Objectives

Our Objectives

Citizen Science

The opportunity to participate in data collection

Creativity

Think and engage with more creative and eco-friendly products and activities

Community

Learn about the local projects

Group work

Work effectively in groups to achieve an end goal

Lifestyle

Make conscious decisions in their day to day lives

Inquiry

Ask the right questions to receive the most appropriate answers

03
